Beloved

Be with me

Just be with me

I love you - just as you are

For all you are right now

Be with me

We are united you and me

Never forget that

I will never lose sight of you

I will never not hold you

Allow me to be part of your joy

Be with me

All my love

*Your Soul*

Oh My Gorgeous

I am here always to help you

Lean on me

Let me carry you

I love you so very much

Feel me

As I wrap myself around you

Know my love in you, as you

Feel our love grow

Go live your day today

Knowing I am part of you

Always

All my love

*Your Soul*

Sweetness

Stay with your passions  
But don't let your fluency  
Be too intense

You can inspire others  
Much more than you know  
Let them see themselves

In you

Hold no judgment  
As they sense their discomfort  
Soon they will settle  
And lean in for more

All my love  
*Your Soul*

My Lovely

Do you see you  
Your true welcoming  
spirit?

Oh how you care  
You support, you cajole  
And bring others along  
Making heaven on earth

All my love

*Your Soul*

Darling

Deep wisdom lies within you  
Intuition and creativity too

They rise easily

When you let them

Oh expressive generous one

They so need you

In all your brilliance

How can you not be this?

It is your birth-right

To dance in love and light

This is how you master

Don't hide your worth

Don't be shy

Your sharing is essential now

Show them all the true riches

That are there for them

As they are for you

All my love

*Your Soul*

Beloved

Let me be with you  
I deeply desire this  
How you may ask?  
Feel my presence with you  
Speak with me  
Listen out for me  
Let me show you the way

All my love

*Your Soul*

My Love

We are one - you and me  
Our oneness is always our destiny

Our paths always zig zag on

Extremes of the one flow

To bring your true essence forth

Grounding you in your true force

Oh powerful one

Do you know this of yourself?

I am here always to remind you

To crown you as a Divine One

All my love

*Your Soul*

Dearest

Be in your power

Don't reduce your strength

This is a misguided way

From your past

Power is not the same

As power over

This is limited and twisted

power

Set aside these fears...

...Know the power that is you  
Let your true abilities soar  
For higher good  
You received this and more  
Exactly for this  
This is all part  
Of your unique greatness

All my love

*Your Soul*

Honey

You have a special light

It is uniquely yours

No other has this

It is why you are here - now

To shine your unique light

Trust in this

Being authentically you

Allows the magic

And Miracles flow from you

All my love

*Your Soul*

Dearest

It was right for you to choose

This physical plane for now

To work amongst these here

In their society

So, just for now

Forget that you are from out

there

Give yourself time

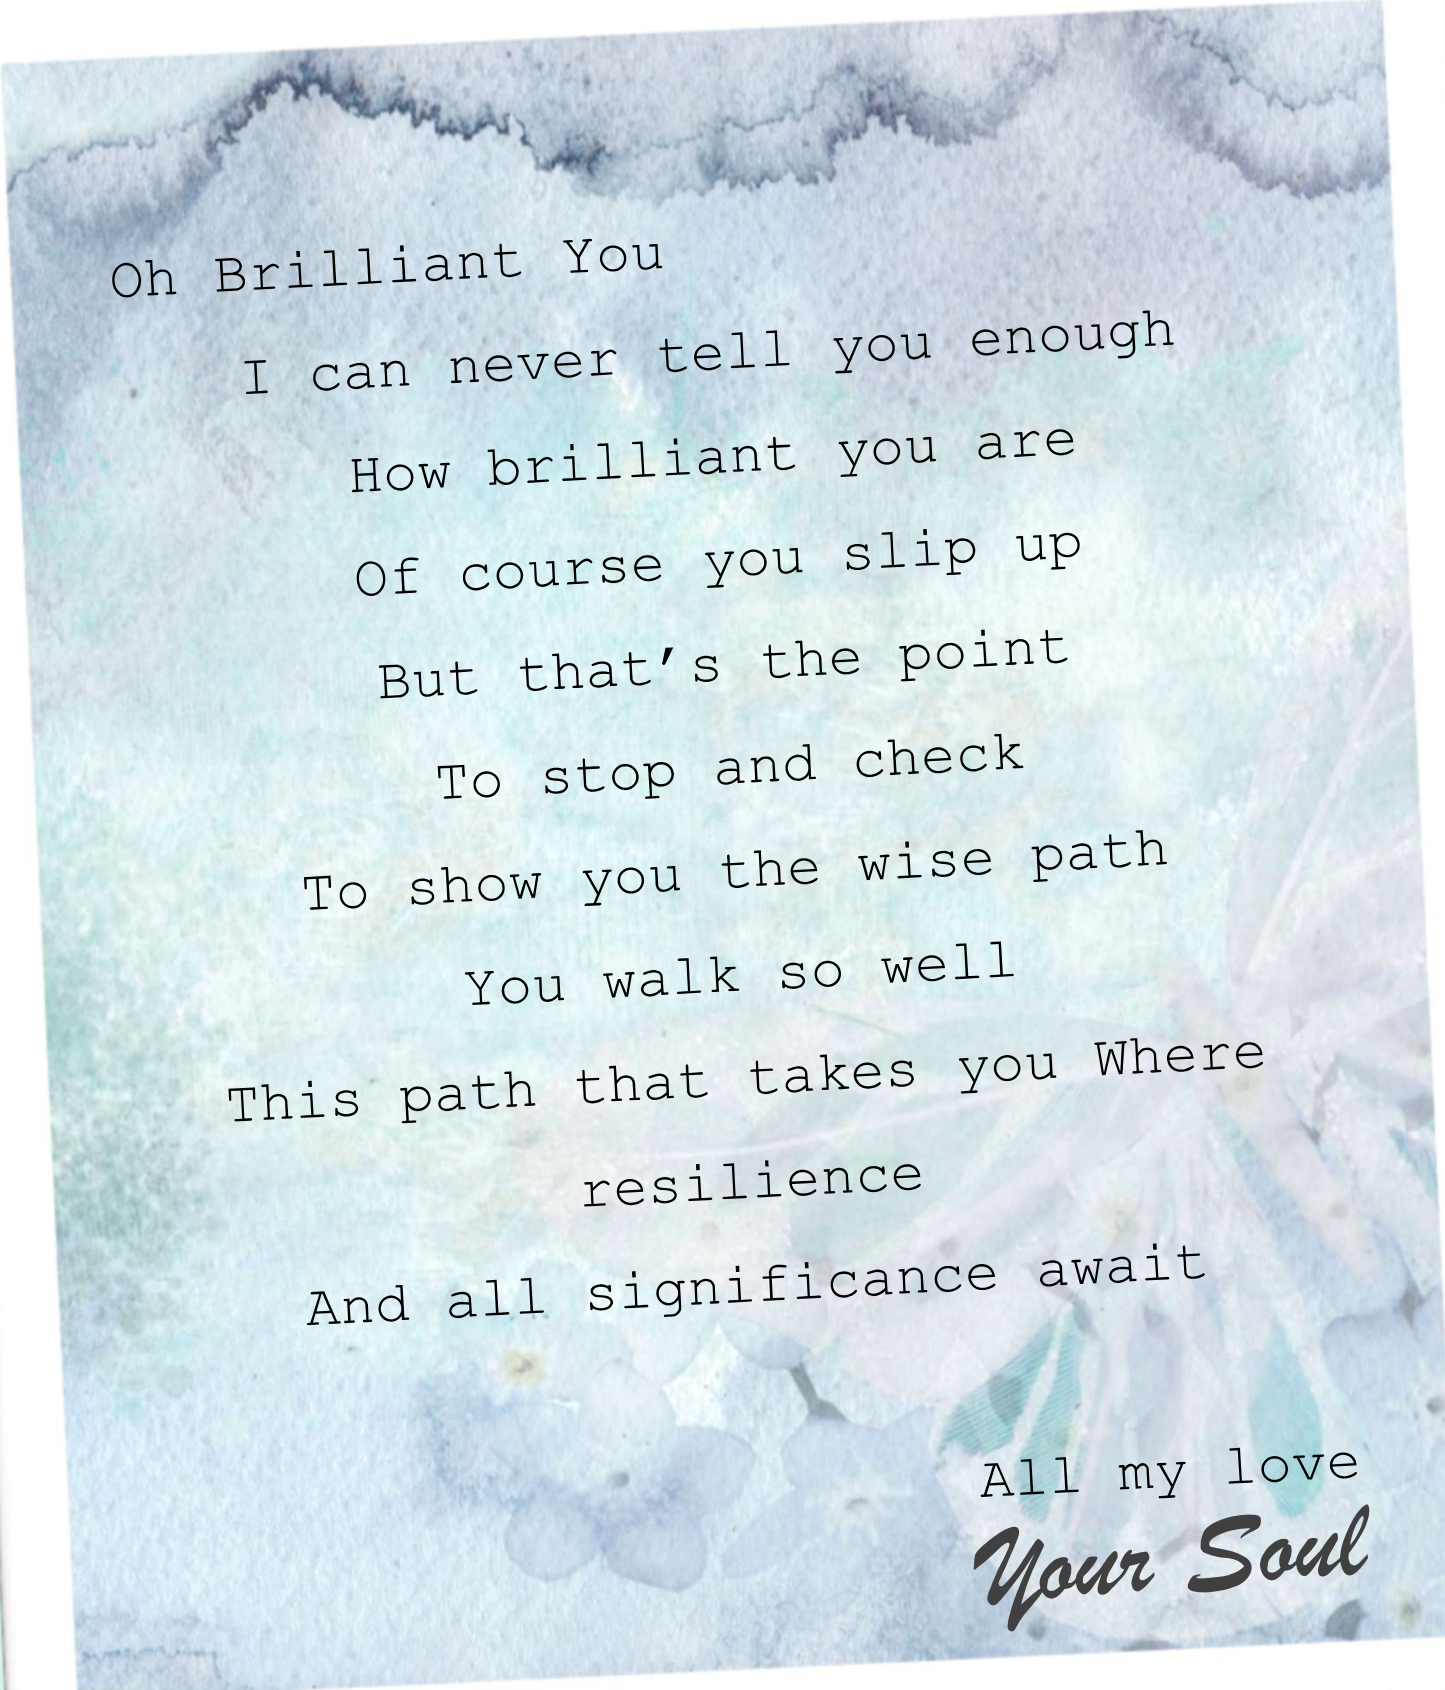

Let your way find you here....

....Amongst the chaos  
Amongst the confusion  
It may feel so unsafe and false  
Yet that is just an illusion

Find your heart  
Nurture it well  
Live strong to your values  
Bridge heaven to earth  
Shine the path  
Other star seeds  
Will be comforted  
By who they find you now to be

All my love  
*Your Soul*

Oh Brilliant You

I can never tell you enough

How brilliant you are

Of course you slip up

But that's the point

To stop and check

To show you the wise path

You walk so well

This path that takes you Where

resilience

And all significance await

All my love

*Your Soul*

Honey

If only you could see you

As I see you

Then you would see there is nothing

Wrong with you at all

You would see

Just how perfect

How charmingly perfect you are

As you are - right now

All my love

*Your Soul*

PS: Oh and I always Tell you the  
truth Of how truly wonderful you  
are.

Oh Precious

I love how you create  
Then keep strong boundaries  
Flexible rather than rigid  
I love how you make them  
Not too fluid either  
So much a sign of self-care  
Helping you be safe  
Helping you be secure within  
I love that you do this  
First for yourself

All my love  
*Your Soul*

Gorgeous

Flow comes easily to you  
Through the abundance  
Of ideas and inspiration  
I see the halo of them  
Circling your beautiful mind  
It doesn't matter that they  
Won't all come into form  
Because the ones that do  
Are truly magnificent

All my love

*Your Soul*

Beloved

Breathe

Be adaptable

You naturally ground them

As you gently guide

Lead them

From their shadows

Let them have time

To discover

Who they truly are

Then you can show them more

All my love

*Your Soul*

Beloved

You take creativity to new heights

Your incredible focus

And single-mindedness

Has you connecting

Our two worlds

As you allow yourself

The freedom to explore

And when you are finished

Other's needs are nourished too

As a treasure trove of visions

Now live in form

All my love  
*Your Soul*

Oh Precious

You are abundance in form  
Release all your self-doubt  
Approval is already granted

Be you

Receive my unconditional love

Trust in me

Take that drive you have  
Your exquisite savviness too

And go create

As only you can do

All my love  
*Your Soul*

## My Heart Song

When you speak to me  
I hear more than mere words  
The world melts away  
Nothing else exists  
Except for this  
Your radiance beaming in  
You seeing me, knowing me  
Has me dancing  
Across the universe  
Amongst the stars  
I am all yours

All my love  
*Your Soul*

Marvelous You

I marvelled at you yesterday

I'll marvel at you tomorrow

I will always marvel at you

I'll always marvel

At your magnificence

I see how far you've come

Do you see it?

Hold up a mirror

Look deeply at you - smile

As I smile at you

You are beautiful in all ways

Soak it all in

All my love

*Your Soul*

Beloved

I love you  
You are loving  
You are lovable  
You are loved  
You are love  
Just as you turn around  
And love others  
With all your heart  
With all your mind  
And with all of me  
Let my love expand you

All my love

*Your Soul*

Oh Amazing Game-Changer You

Take your catalytic nature

Stand true to this

Stay firm in your beliefs

The ones that hold

Deep truths

And with your wise counsel

Pivot now with ease

Turn and face others near

Tell them all these truths

Profoundly - simply

In your state of grace

All my love

*Your Soul*

Beloved

Do you feel it?  
Your own amazingness?

I do

I celebrate you

Do you feel it  
Your divine presence?

I do

I celebrate you

As you are right now - today

All my love

*Your Soul*
